

ALMASYF
LIMOUSINE & RENTAL SERVICES

We are a family business
with more than 15 years
of experience in providing
exclusive passenger transport.

History

ALMASYF was founded as a family business and since then we have accumulated more than 15 years of experience. At the outset, there was a love for cars, and then the goal to build a stable company that would be at the forefront of business and exclusive passenger transport in Prague. Over the years, we have had the opportunity to assist with diplomatic transfers of official government visits, which were among other delegations from Qatar, Turkey, or Mozambique. We also accompanied world famous cultural figures.

Goals

We take great pride in our vehicle fleet, making sure that every client feels special. We put the needs of our customers first and offer VIP services across the entire spectrum of transfer services, which we do with care and professionalism. We provide the highest level of services in the field of luxury vehicle rental with chauffeur not only in Prague, but also throughout the Czech Republic and the EU.

Vision

Our priority is to offer precise, fast, personal, flexible, and discreet service of the highest quality to all our clients. We place emphasis on maximum comfort, safety, and a state-of-the-art vehicle fleet. At the same time, we understand that they are an integral part of our company and therefore value their work, loyalty, and stability. Our chauffeurs are professionals with many years of experience in the field, offering great language skills and a pro-client personal approach.

We strive to improve and grow. Satisfied customers are our driving force.
